

Application for a share in the 2010 harvest of Nathan Creek Organic Farm CSA

...

Applications for a full or a half share in the whole 2010 season are still being accepted at this time. Only a limited number of shares are still available, however, and the distribution season is currently scheduled to begin on or about June 22nd, so any applications received after that date will have to be prorated to the week on which the new member begins receiving their weekly distributions. The price for a Full share in the 2010 season is now \$600, while the price for a Half share is now \$325.

Please print out this form, sign the waiver at the bottom, and send this form, along with a cheque for the full amount of the share that you are signing up for. Cheques should be made payable to: "Nathan Creek Organic Farm" to:

**Stephen Gallagher
PO Box 86

All members are also required to join the KALE CSA Society, which has an annual membership fee of \$10, and to make a non refundable \$100 contribution to the farm investment fund, which is managed by KALE. These payments should be sent to the KALE treasurer, Brad Griffin, at the address below:

**Brad Griffin

Please go to the webpage (www.nathancreek.ca) for a more in depth explanation of why the farm investment fund payment is required of all CSA members each year and how it is being used now, and how it will be used in the future.

I understand that farming is a biological activity and that crop yields are subject to the climatic fluctuations of the natural world. I understand that the actual production each year is unpredictable and that the exact amount and variety of vegetables that I will receive in my weekly distributions cannot be guaranteed.
